## Super Scientists Bingo

L	0	

Choose 25 scientists to fill in your bingo card! Do not include a free space!

Archaeologist Astronomer Audiologist Biologist Biomedical engineer Botanist Cell biologist Chemist Ecologist Entomologist Environmentalist Geologist Geophysicist Hematologist Herpetologist Hydrologist Ichthyologist Lepidopterist Mammalogist Marine biologist Meteorologist Microbiologist Mineralogist Mycologist Oceanographer Ornithologist Paleontologist Parasitologist Physicist Seismologist Taxonomist Virologist Volcanologist Zoologist Studies outer space, the solar system, and the objects in it

Studies water and the water cycle

Studies rocks, minerals, and earth's land forms

Studies motion, forces, and energy to explain the way things work

Studies the life forms found in the ocean

Studies processes that change and shape the Earth

Studies the interaction between life forms in an environment

Designs and builds body parts and devices

Studies elements, atoms, and molecules

Studies classification

Studies plant life

Studies dinosaurs and fossils

Studies earthquakes

Studies the remains of human life

Studies the structure of cells to learn how they function and interact with chemical and physical factors Studies butterflies and moths

Studies parasites

Studies fish

Studies animal life

Studies insects

Studies fungi

Studies mammals

Studies blood and its diseases

Studies birds

Studies all forms of life

Studies volcanoes

Studies minerals

Studies viruses

Studies microscopic organisms

Studies reptiles and amphibians

Studies sound and its properties

Studies the atmosphere and weather

Studies the environment

Studies the ocean
